

I hope you had a good day

I hope you had a good day, I trust your day went well.

I know you faced challenges today, ones that only you could tell.

I know some things didn't go the way you wanted them to.

I know you faced the obstacles with the mind of Christ, knowing that you were only experiencing tests today.

I know that you kept him first, as you progressed through the valleys, of this day.

LeMay
